

## WHO AM I?

Hi! Growing up in Nashville, Music City, musicality is a **huge** part of what defines my craft. I've toured Europe playing Marimba, performed on stage with vocally heavy roles such as Kate Monster and Wednesday Addams, and mastered shows for Rural Radio on Sirius XM. Voice over for me is about having fun, so I let my love for DnD and Video Games influence my ability to play with the script. Regardless of where my craft takes me, I want those around me to remember there is always room for play in the professional world.
